Special Considerations	Grants, Funding Assistance, Financial Services/Planning		Special Considerations was created specifically to serve individuals with Intellectual and Developmental Disabilities. We provide life insurance to cover an individual's final expenses. Our seamless and comprehensive program is intended to remove the financial and emotional burden that is felt by both the consumer and the agency when an unexpected loss occurs. Medicaid and SSI do not consider the policy as a resource. Program payments can be made monthly, based upon an individual's budget; or as a single lump sum for spend down situations. We provide a systematic enrollment process, which organizes and simplifies the funeral planning process for each individual. This insures the continuity of services provided among all individuals.
