**The
Parent's Guide to Sexual Education
for Children with Special Needs**

Presented by

Robin Butler, R.A.

Health Educator, Family Health Services of East Central Ohio

Let's tackle the big stuff together! Join us to learn how to talk to your child about puberty and sexual etiquette, like what is appropriate behavior in relationships, what is ok in public & what is not. From boundaries to birth control, STDS to sexual health – we are going to cover it all! Bring your concerns & questions because we are bringing in the expert & she is ready to answer them!

Did you ever wonder....

- Everything else has been delayed, but not puberty. What now?
- How can I help my child act appropriately when there is so much they don't understand?
- Well, just like the George Michael song...

"Let's talk about sex, Ba -by!"

You don't have to do this alone!
