

#### LCBDD News & Updates!

Good afternoon! The deadline for Electronic Visit Verification (EVV) is coming up very soon! (August 5<sup>th</sup>, 2019)

If you bill any of the service codes on the attached list, you will need to use the system in order to bill.

Is your agency ready?

Let me know if I can help. (I'm no expert, but together we can figure it out.)

Thanks,

David

**Ohio Medicaid EVV Web Page:** <http://medicaid.ohio.gov/INITIATIVES/Electronic-Visit-Verification>

### **EVV training info. from DODD**

EVV will be mandatory for Phase 2 services on August 5, 2019. DODD is partnering with the Ohio Department of Medicaid (ODM) to get the word out about EVV and the training that you are required to take. If you are a new EVV user, you must complete the training before you can access the EVV system. You can begin using the system as soon as the training is complete so you can become familiar with it before August 5, 2019.

There are several types of trainings you can choose from:

Instructor-led classroom training - Offered in seven different locations in Ohio

Instructor-led webinar training - Offered online

Self-paced online training - Offered online

Classroom and Webinar trainings are only offered until August 3, 2019. The feedback from providers has shown Classroom and Webinar trainings are the most effective ways to train. Visit <https://medicaid.ohio.gov/INITIATIVES/Electronic-Visit-Verification/Training> to sign up for the training. Agency and non-agency providers have separate trainings. Please be sure to sign up for the training that applies to you. To sign up for the training, you **MUST** have your ODM issued Provider Medicaid ID. If you are unsure what your ODM issued Medicaid Provider ID is, instructions for finding it on your DODD provider dashboard can be found [here](#). You can also find your ODM issued Medicaid Provider Medicaid ID at the top of your Billed Claims weekly report found in DODD's eMBS application.

If you experience any trouble registering for the training, please contact the EVV Provider Hotline at 855-805-3505. If you have general questions about EVV, feel free to reach out to the ODM EVV Unit at [EVV@medicaid.ohio.gov](mailto:EVV@medicaid.ohio.gov).

### **Using an Alternate EVV vendor**

#### LCBDD News & Updates!

If you are planning on using an alternate vendor for EVV and are unsure how to begin this process, I would encourage you to sit in on this webinar the Ohio Department of Medicaid is hosting.

Please note that this webinar **DOES NOT** replace the online self-paced training ([“Alternate System Aggregator Training”](#)) you must take before you can begin the certification process. After you take the self-paced training you will be able to contact Sandata to start the certification process. As a reminder- even if your alternate vendor appears on the “approved vendors” list, you still need to take this training and go through the certification process.

You can learn more about the alternate EVV vendor certification process [here](#).

### **Webinars Available to Support EVV Training**

*Attention: County Boards, Providers*

Electronic Visit Verification training started May 6 for Ohio Department of Developmental Disabilities providers of Individual Options (IO) Waiver Nursing and Homemaker/Personal Care billed in 15-minute units in the IO and Level One waivers.

Read [this memo](#) to sign up for a short webinar to learn about EVV. Not sure if EVV applies to you? [Click here](#) to find out.
