DSP Planning and Training Survey Open

Please share this with the Direct Support Professionals in your agency!

The Ohio Dept. of D.D. is seeking input from direct support professionals, or DSPs, across the state concerning the DSP role.

Are you a DSP? Help DODD learn ways to better support your work by completing this short, eight-question survey.

More EVV info!

EVV will be mandatory for Phase 2 services on August 5, 2019. We are partnering with the Ohio Department of Medicaid (ODM) to get the word out about EVV and the training that you are required to take. If you are a new EVV user, you must complete the training before you can access the EVV system. You can begin using the system as soon as the training is complete so you can become familiar with it before August 5, 2019.

There are several types of trainings you can choose from:

Instructor-led classroom training - Offered in seven different locations in Ohio

Instructor-led webinar training - Offered online

Self-paced online training - Offered online

Classroom and Webinar trainings are only offered until August 3, 2019. The feedback from providers has shown Classroom and Webinar trainings are the most effective ways to train. Visit <https://medicaid.ohio.gov/INITIATIVES/Electronic-Visit-Verification/Training> to sign up for the training. Agency and non-agency providers have separate trainings. Please be sure to sign up for the training that applies to you. To sign up for the training, you MUST have your ODM issued Provider Medicaid ID. If you are unsure what your ODM issued Medicaid Provider ID is, please contact your payer for assistance or check the training tab on the EVV webpage for instructions for finding your Medicaid ID.

If you experience any trouble registering for the training, please contact the EVV Provider Hotline at 855-805-3505. If you have general questions about EVV, feel free to reach out to the ODM EVV Unit at EVV@medicaid.ohio.gov.
