

COVID-19: What we know today

DODD has released updates to their guidance for ADS & Voc. Hab. providers. The changes include:

- adding the virtual tour to the Provider Assurance process and form. [Click here for the form.](#)
- allowing 6 ft. temporary walls instead of floor-to-ceiling walls
- allowing personal care to occur without gowns and goggles for staff
- modifying the Symptom Log to reflect a 5-day week. [Click here for the form.](#)
- modifying the STEP guidance to specify that STEP services and facility-based ADS/VH cannot be billed on the same day

FREE webinar: Communication Resources: the National Joint Committee on the Communication Needs of Persons with Severe Disabilities

June 11, 2020 4:00 p.m. - 5:00 p.m. ET

Presenters:

MaryAnn Romski, PhD, Georgia State University

Rose Sevcik, PhD, Georgia State University

The National Joint Committee on the Communication Needs of Persons with Severe Disabilities (NJC) is made up of representatives from eight professional organizations and advocates for individuals with significant communication needs across the lifespan. This webinar presents an overview of the current resources created by the NJC that offer content for families, advocates, and practitioners from a range of disciplines.
